Building business with a strong

Chamber Voice

Strategic Objectives:

- Create a Strong Local Economy;** *Support the retention and growth of existing local business. *Support family wage jobs and businesses that create those jobs. *Support industrial development in the area. *Streamline state and local permitting processes. * Support education. * Focus on tourism. * Support and facilitate new businesses wanting to relocate here
- Promote the Community;** *Support the CB & NB Visitor & Convention Bureau marketing efforts. *Collaborate with other agencies on product/area "branding". * Provide web site links from The Chamber to other organizations. * Promote a positive area marketing message
- Provide Networking Opportunities;** * The chamber is the hub for information for businesses & the community. * Continue to hold New Member Receptions throughout the year. * Provide time at each WBC to allow members to network.
- Represent Business Issues;** *Advocate for business issues at all levels of government. *Strengthen lobbying efforts with state government. *Research and take positions on the issues. * Utilize the BACC web site to develop & Promote our Business Advocacy effort.

Month in Review—Special Points of Interest

Hello Chamber Members,
Thank you to everyone who joined us at our Annual Awards Banquet, we had a great turnout and awarded some outstanding people and businesses in our area. Along with the award banquet we have been busy getting your 2015 directory's up to date, off to print and ready to be distributed this month to you. Our committees have been busy as well... Leadership Coos toured different Health and Human Service facilities, our education committee had the honor of awarding a few outstanding teacher's with an excellence in education award and our ambassadors got together and welcomed you at the Business After Hours at Reach Air Medical. It was a great month and we look forward to seeing you on February 19th to personally deliver your 2015 directory!

**JOB
EDUCATION**

Bay Area Chamber of Commerce

Education Committee:

Building the bridge between business and education.....

Excellence in Education Award:

The Bay Area Chamber of Commerce newest awards are that of awarding our community educators for their hard work and dedication to their profession. Three awards were announced at the January 7, 2015 WBC.

Innovation in Teaching: Catherine Hampton, Marshfield High School

Catherine is the teacher in charge of the Marshfield Times, the high schools award winning newspaper. She has empowered the students to be involved in all aspects of the newspaper. The newspaper won the Pacemaker award last year. This is quite an accomplishment since most newspapers that win this award are from much larger schools. She is teaching these kids how to love learning and providing a lifelong job skill.

Contributor to Education: Carolyn Acker, KAIVOS School

A message about Carolyn through the eyes of a very thankful mom. "We were losing hope and our 9 year old Autistic son was headed to live in a facility. Miss Carolyn did family individual wonders with us. She helped him to see his worth and do well. She helped us access services which my son continues to use today and she helped us become better parents. Today my son is still in our home, back in a mainstream classroom and doing well."

Unsung Hero: Mark McKelvey, GED teacher for CBSD

Mark works with students who are nearly at their chance. He sees the best in them and helps them set goals and achieve them. He has had tremendous success getting these students to the finish line because he never gives up on them.

Other educators that were nominated:

Nancy Bryant, Hillcrest Elementary School
Jacquie Gamble, Blossom Gulch Elementary
Becky Armstrong, Millicoma School
Miss Passadore, North Bend High School
Dana Inskeep, Blossom Gulch Elementary
Hope, South Coast Head Start
Heidi Roe, North Bend High School
Linda Vickery, Blossom Gulch Elementary
Ron Metzger, SWCCC
Mrs. Saveland, Blossom Gulch Elementary
Karen Holland-Domine, SWCCC
Tennell Wetherell, South Coast ESD
Karen Allen, South Coast Head Start
Rhonda Smith, Coos Bay School District

The Educator of the Year award will be awarded at the annual Chamber Banquet held January 31, 2015 at the Mill Casino.

There were several wonderful nominations and the committee had a very hard time choosing the winners.

We want to thank each and every one of these educators for their hard work and dedication.

Chamber Members Quick Facts...

- Benetti's Italian Restaurant** is celebrating serving the community for 36 years check out their webpage <http://benettis.com/>
- Tri County Plumbing** has a new location with a expanded showroom, now located at 1581 Newmark Ave. in Coos Bay. Check out their webpage <http://www.tri-countyplumbing.com/>
- Reese Electric** received a Safety Award presented by SHARP (Safety & Health Achievement Recognition Program) for the 3rd year in a row! Check out their webpage www.reeseelectric.com

2014 Awards

Excellence in Education

Presidents Letter

Welcome to February Chamber Members,

Just where did January go? I hope everyone enjoyed the Bay Area Chamber of Commerce Annual Awards Banquet. There is a lot of hard work that goes into the event. We need to say thank you to the Mill Casino for giving us such a special atmosphere for the event.

I want to congratulate each award winner in the evening's event. There are some really special people that live in this community that we call Our Home.

I hope everyone can take the time to appreciate and thank Pam Plummer for all of her contributions as outgoing President. Her contributions and sacrifices to the Chamber, its committees, and the community have gone above and beyond!

I made it around to several committees last month, to sit in on and hear their goals for 2015. The Membership committee is chaired by Heidi Proett of Oregon Pacific Bank, and on the day they met Pam Cottrell, Deena Gisholt and Spencer Gordon, we're working on the 2015 Business Directory & Community Profile distribution and the Bay Area Chamber of Commerce 2nd Annual Golf Tournament Fund Raiser. There was a lot of energy in the room, everyone was full of ideas to make things bigger and better. The 2015 Business Directory & Community Profile distribution is **re-scheduled for February**

19th, 9:00 am, where everyone will meet at the Bay Area Chamber of Commerce office, on Central Avenue. Members will be served Dutch Bros coffee & donuts, paired up with a networking teammate and sent out to greet fellow Chamber members. In the late afternoon all Chamber members are invited to NW Natural for a networking BBQ sponsored by our friends at NW Natural, please come join the fun and the opportunity to meet your fellow business partners.

The 2nd Annual Bay Area Chamber of Commerce Golf Tournament Fund Raiser has set a date of September 12th, starting at 9:00 am. They plan on serving breakfast and lunch for all the teams. They have some fantastic ideas for prizes & giveaways. They will be looking for Hole sponsors and donations for prizes, so if you feel you can give some support contact any of the committee members mentioned above, and start making up your own golf team to support the Bay Area Chamber of Commerce!

So let's all help out and make this "Mission Possible". If you have some time to help out with the Business Directory & Community Profile distribution, give the staff a call at the Bay Area Chamber of Commerce or contact Heidi Proett at Oregon Pacific Bank.

If you have some ideas or would like to help or give to the Annual Golf Tournament, give them a call also.

One last comment to share with

members; the Oregon Department of Energy, staff of the Energy Facility Sitting Council (EFSC), received an application for site certification from Jordan Cove Energy Project, LP (JCEP), for the construction and operation of the South Dunes Power Plant, a natural gas-fueled energy facility with operating capacity of 420 megawatts. Under Oregon law, the application must obtain a site certification for EFSC before constructing and operating the proposed facility.

Public notice Meeting

The department will hold a public information meeting on February 12, 2015 to provide the public with more information about the South Dunes application and the site certification review process.

Date: February 12, 2015, time 6:00 pm, Location SOCC, Hales Performing Arts Center, 1988 Newmark Avenue, Coos Bay, OR
Your attendance is encouraged at this meeting!

Wednesday's Business Connection (WBC) Recap!

WBC is the place to be on your Wednesday lunch break! Last month we had lots of exciting speakers including.. Dawn Granger and Phil Yester of CB/NB School District, they talked about preparing students for the common core standards. We also had the honor of handing out, for the first time, a few "Excellence in Education" awards at this luncheon to Catherine Hampton, Carolyn Acker and Mark McKelvey. The South Slough National Research Reserve told us about their plans of building a river boat big enough for more students

to be able to get that one-on-one time in the water. Star of Hope was giving this quarters Sustainability Award and let us know ways to help out their program. Recycling was a big one, they even offered to bring recycling bins to your office and they will come and collect them when full. We had the honor of handing out four star awards for the third and fourth quarter to South Coast Office Supply, Barrett Business Services, Oregon Pacific Bank, Alternative Actions Massage Therapy, Roger Sims, DDS, Ocean Boulevard Veterinary Hospital and South Coast

Family Dentistry. Congratulations to all the business that received awards and thank you for your four star quality service you provide to your customers. At our LAT City Government WBC we heard from both CB & NB Mayors about all the great things that are happening in CB & NB and learned that North Bend had no problems (Mayor Shoji entertainingly joked). Thanks again to Linda Kennedy at NW Natural for being our January WBC Sponsor.

NW Natural

LEARNING & UNDERSTANDING FINANCIAL STATEMENTS Workshop

Gain skills in managing business by the numbers through understanding the business financial reports

When: Tuesday, April 28, 2015 6:00 – 8:30 pm

Businesses measure their success by the financial statements prepared in their business. These statements are used to create an annual tax return, make decisions about growth and give the business owner an idea of how successful the business is. This workshop will cover analysis of financial information within a business and how to use that information to improve on past business results.

OBJECTIVES:

- Balance sheet analysis
- Reviewing the business profit and loss
- Statement of cash flows analysis
- Ratio analysis

Instructor: Chris Christoffer. Mr. Christoffer retired from Sterling Bank after 43 years in commercial banking. As a commercial lender, he has a thorough knowledge of small business financial and cash flow management. He is a strong advocate for small business.

Cost: \$45 per person
Location: The Business Center, 2455 Maple Leaf, North Bend
 Pre-registration is required online at www.BizCenter.org or CALL 541-756-6866 now for more information!
 Payment can be made at the Small Business Development Center, 2455 Maple Leaf, North Bend, OR 97459 or the night of the class via check, Visa/MC or cash

The Small Business Administration is pleased to be the U.S. Small Business Administration's largest grant provider. The Small Business Administration's mission is to help you start, grow, and succeed in your business. The Small Business Administration's mission is to help you start, grow, and succeed in your business. The Small Business Administration's mission is to help you start, grow, and succeed in your business.

Sponsored by the SOUTHWESTERN Oregon Community College Small Business Development Center

Your electricity is a good value

Pacific Power works to deliver safe, reliable electricity and excellent customer service to you while keeping prices down.

According to Edison Electric Institute, the average commercial utility rate in the Pacific region of the U.S. is 13.72 cents per kilowatt-hour. Pacific Power's average commercial rate in Oregon is 8.73 cents per kwh.*

Pacific Power is focused on keeping your electricity a good value into the future, with smart investments in the electric system to benefit customers and communities. The utility has partnered to create a real-time energy market to reduce costs for customers, enhance system reliability and better integrate renewable resources. The company also continues to add cost-effective renewable resources, as well as offer the award-winning Blue SkySM renewable energy program.

By using innovative solutions, Pacific Power provides you greater choices. Find money-saving tips and incentives at bewattsmart.com.

Bay Area Hospital Community Foundation Community Grant Program

The Bay Area Hospital Community Foundation would like to remind non-profit organizations in our operating region about Bay Area Hospital's grant program. As the largest employer in Coos County, Bay Area Hospital believes in giving back to smaller non-profit organizations that are working and meeting the mission of the hospital.

Preference will be given to projects that provide evidence of coordination and partnership with other organizations. The application should also include a statement of relevancy to the Bay Area Hospital Mission and Vision.

The deadline for receipt of grant applications is March 1, 2015. Any organizations who received a grant last year must file their evaluation form prior to a submission this year.

MISSION – "We improve the health of our community every day."
 VISION – "Bay Area Hospital will be the model for regional health care excellence"

The application is available on the Bay Area Hospital website at www.bayareahospital.org under the Community Foundation link.

All requests must be from not-for-profit organizations and groups within the hospital's operating region of Coos, Curry, Western Douglas and Western Lane Counties.

For additional information or if you are in need of a printed copy, please contact the Bay Area Hospital Community Foundation at 541 269-8135 or 541 269-8543.

 Monthly Newsletter – February 2015

Employers and Students benefit from work experience/internships.....

In this ever changing and competitive economy it's so important to start developing career skills in our local youth. Engaging our local youth through work experience and internships can be a win-win for the employers and students.

Some of you may be asking yourself what does my business have to offer a student. Do you have social media marketing needs? Do you have data entry that is never caught up? Do you need an extra person to greet clients and answer phones? Do you enjoy teaching people new skills? Are you willing to help support the well-being of this great community? If you answered yes to any of those questions then a student intern is something you should look into.

Some of things that college students are looking to gain from an internship are: work experience, new skills and job offers. Things that high school students are most likely seeking through work experience are: new skills, work experience, and mentorship/networking.

Businesses benefit from internships/work experience as well by filling up their talent pipeline, building brand awareness in your community and remaining competitive in the market place.

Please contact one of professional educators listed below to help get you started down this rewarding path of student work experience/internships:

Trish McMichael – Internship/Job Placement Coordinator
 Southwestern Oregon Community College
 541-888-7349
Trish.mcmichael@socc.edu

Laura Osbon – Marshfield High School
laura@coos-bay.k12.or.us

Katelyn Kennedy – North Bend High School
kennedy@nbend.k12.or.us

Congratulations
 Catherine Hampton for being awarded the Educator of Year at this year's Chamber Banquet.

The 3A State Basketball Tournament is coming to town March 4-7, 2015. Please come out and support these visiting schools and athletes. For ticket information please contact Steve Schneiderman – Marshfield Bargain House
 541-267-2500.

Take the attitude of a student, never be too big to ask questions, never know too much to learn something new.
 O. Mason, 1930-1931

I'm starting a small business and I keep hearing I need a business team. Who should be a part of that team?

The typical business team is made of your accountant, banker, insurance agent, lawyer, media representatives, suppliers, employees, Small Business Development Center consultant, advisory committee and possibly other business owners. Most people don't have all the resources or the knowledge needed to successfully run a business. It is critical to develop strong relationships with team members built on mutual trust and respect. You make the decisions, but they supply information, options, and suggestions you need to manage your business effectively.

Your accountant is critical – he/she doesn't just do tax returns! An accountant provides information in a standardized format to help you evaluate how well you are operating your business. The accountant tracks cash flow, profits or losses, and changes in assets and liabilities, and puts it in a comparative format to identify trends in your business. Your accountant doesn't make decisions for you, but provides reliable financial data and projections, based on your input, which you can use to make the best possible decisions for your business. If you don't understand the reports provided, start asking questions like "What does this trend mean for my business?"

Small businesses always need cash to grow and survive. Too often small business owners think of banks only in terms of loans. Most banks have a wide range of products and services available for their clients. A good lender will give you an honest assessment of the bank products you will need and those you won't. Don't just look to commercial banks either, some credit unions are now doing small business lending and that may be an option for you.

Your insurance agent, lawyer, media representatives, suppliers, and employees all have special talents that your business needs. Other business owners are often willing to share knowledge and ideas about how to make a business succeed. They can provide a lot of good, free advice. Take advantage of it. Check with the local chamber of commerce or Small Business Development Center to find out if there is a peer-to-peer mentoring group in your area. Peer-to-peer mentoring groups are typically made up of business owners and managers who work together to solve business issues for each other.

Build a team where you trust and have faith in each member. Replace those with whom you don't have that type of relationship. The Small Business Development Center is available to help with a variety of low cost workshops, market research, free one-on-one business mentoring and many other tools to assist with business decision making that leads to long term business success.

Our Business is helping Your Business!
